About our Rugs

In 2022 Marqqa launches its Rug Collection.

Our rugs intend to continue our mission to create customizable products that adapt to different styles, needs and spaces.

To create this collection, we were inspired by the simplest geometric shapes: rectangle, circle, square, oval and triangle.

From the combination of these shapes and using different scales, patterns and textures, we designed an elegant and timeless collection.

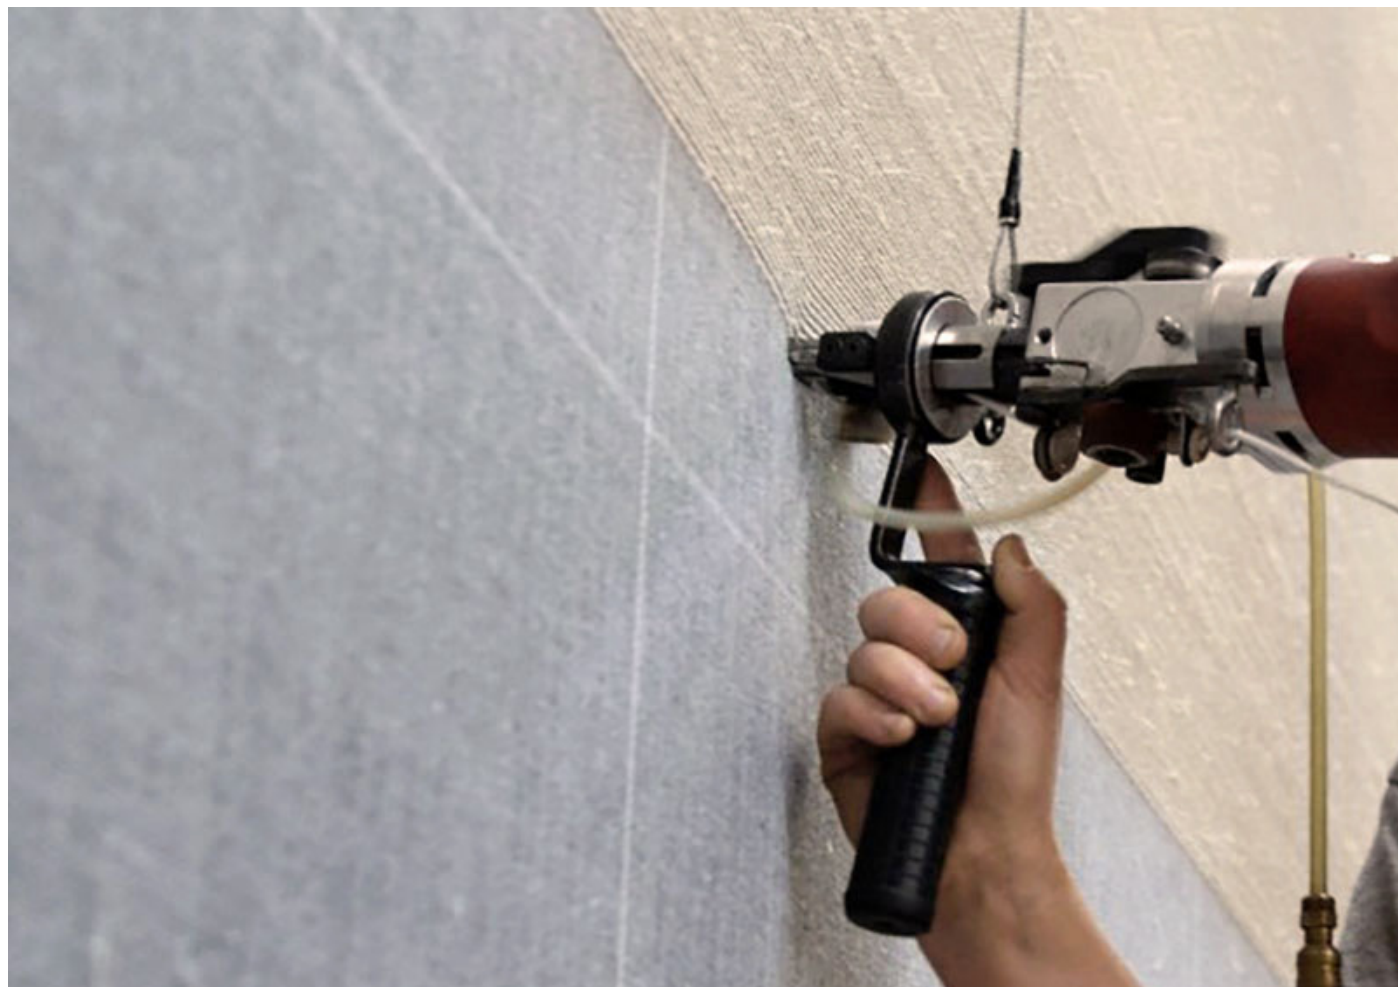

Technique & Materials

Marqqa rugs are hand-tufted. This technique allows great freedom in the choice of shapes and patterns.

Initially, the work is done by our artisans with the help of a manual tufting gun, then our handcrafters adjust the height of the pile and shape the textured rugs using a special scissor.

The entire process is manual and requires immense dedication. As a result, each rug is unique and exclusive.

Our rugs are made from New Zealand wool. This 100% natural material offers excellent quality, comfort and durability. Furthermore, the whiteness of this wool allows for an exceptional range of rich colors.

Finishes & Colors

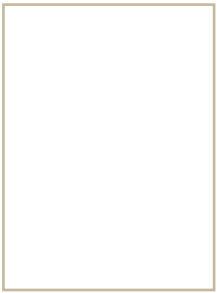

Marqqa rugs have two types of pile: cut or loop pile.

In some models it is also possible to give the rug a more classic finish by adding a fringe.

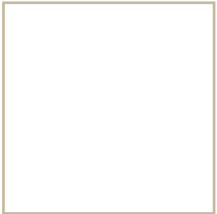

Available in a range of 12 different colors, these were carefully chosen to combine harmoniously with each other as well as with the finishes of our furniture collection – LIVING.

Our different finishing and color solutions allow you to create personalized rugs that adapt to all kinds of environments.

120x160mm	160x240mm	200x300mm	230x340mm	280x380mm

Sizes & Shapes

Our PLAIN rugs are available in 5 different shapes - rectangle, circle, square, oval and triangle - the shapes that inspired our collection.

Other models like SHAPE OUT rugs have irregular shapes, perfect for singular and irreverent spaces.

Marqqa's rugs collection comes in a wide variety of sizes, however if you need a special size please [contact us](#).

The Collection

PLAIN

The PLAIN rugs allows you to customize your own rug, choosing from various sizes, shapes and colors, from cut pile to loop pile and even with or without fringe to finish off the rug.

SHAPE IN

Inspired by geometric shapes we designed the SHAPE IN rugs. These cut pile rugs combine two colors creating different patterns.

SHAPE OUT

These rugs are a more irreverent variation of the SHAPE IN rugs. They are characterized by its irregular shapes. The rectangle and square models accentuate this difference with the introduction of an asymmetrical fringe.

TEXTURED

The TEXTURED rugs are the perfect combination between different pile heights and geometric shapes creating an unique design with exceptional textures.
